## ARMISTICE SIGNED AT HIGH NOON TODAY

The War Now is Really Over—  
Soldiers are Overjoyed.

The Emperor of Japan Approves  
Peace Terms—Russian Officers  
Disappointed.

WANTED TO KEEP FIGHTING.

ARMISTICE AGREED ON.  
Portsmouth, N. H., Sept. 1.—A  
proclamation announcing the signing of the  
armistice, going into effect  
immediately, was signed at high  
noon by the envoys at the hotel with-  
out formality at a special meeting at  
the navy yards. It was called at once  
to Gen. Linvitch and Marshall Oyama.

Troops Were Happy.  
St. Petersburg, Sept. 1.—Dispatches  
from the army in Manchuria last  
received say that the news of peace  
was received by the troops with great  
enthusiasm and the soldiers manifest-  
ed their joy by kissing each other and  
at once began a joyous celebration.  
The officers openly express displeas-  
ure at the closing of hostilities and  
declare the army is prepared to win  
a series of brilliant victories.

Emperor of Japan Agrees.  
Portsmouth, Sept. 1.—Formal an-  
nouncement was made today that a  
message had been received from the  
Emperor of Japan giving his consent  
and approval to the peace terms and  
agreeing to an armistice.

Plan Big Demonstration.  
Washington, Sept. 1.—A move-  
ment is on foot to give expression to  
the country's appreciation of Presi-  
dent Roosevelt's peace achievement,  
by greeting him in a demonstration  
on his return to the capital the last of  
the month. It is proposed to have  
a great outpouring of citizens on  
Pennsylvania avenue, and have the  
city decorated and if agreeable to the  
president an escort of military and  
clergy bodies.

The President Will Not Attend.  
Oyster Bay, Sept. 1.—President  
Roosevelt has declined an invitation  
to attend a banquet at Portsmouth.  
Word reached here that a committee  
was endeavoring to present an invitation  
and Secretary Loeb wired that it  
would be useless, as the president  
will not leave Oyster Bay until he re-  
turns to Washington Sept. 30.

Treaty to Be Signed Tuesday.  
Portsmouth, Sept. 1.—While there  
may be some unlooked for delay  
over the phraseology the present ex-  
pectation is that the peace treaty  
between Russia and Japan will be  
signed Tuesday. There is at present  
a slight disagreement over articles  
relating to the island of Saghalien,  
but it is thought a complete under-  
standing will soon be reached. With  
this exception the first rough draft  
of the treaty is practically finished.

NEGRO LYNCHED.  
The Usual Punishment Meted Out  
For the Usual Crime.

Memphis, Sept. 1.—A negro named  
Heely was lynched at Rosetta, Miss.,  
last night for an attempted assault  
on the seven-year-old daughter of a  
prominent planter near Rosetta.

Fly Wheel Kills Seven Men.  
McKeesport, Pa., Sept. 1.—A fly  
wheel in the National Tube works  
burst this afternoon and seven men  
were killed and ten injured.

## MINOR MISHAPS.

Several Reported to the Illinois  
Central This Morning.

Yesterday was a day of minor ac-  
cidents in the local I. C. shops.  
George Seltz, a machinist, was in-  
jured by a driving rod falling on his  
foot. He will be disabled some time,  
one toe being mashed nearly off.

W. L. Cavitt, a car repairer, was  
struck in the head by a chisel and  
a deep gash inflicted.  
Ed. Myers, colored, a brakeman,  
was assisting in pulling down a water  
tank spout, at Cumberland river,  
when the spout suddenly lowered and  
struck him in the head, inflicting a  
severe wound.

## LOUISVILLE PLAYERS

SEVEN OF THEM HURT IN KAN-  
SAS CITY COLLISION.

Wagonette Was Hit by Trolley Car—  
Players Disabled For Several  
Days.

Kansas City, Sept. 1.—Seven mem-  
bers of the Louisville baseball club  
were injured in a collision yester-  
day between a trolley car and a wa-  
gonette in which the club was belov-  
taken from the ball park to the hotel.  
The injured:  
Ed. Keana, pitcher; bones of left  
arm fractured and dislocated, con-  
cussion of brain, bones of right hand  
fractured, nose broken knee and eye  
injured. Condition serious.  
Fred Clay, center fielder.  
Larry Quinlan, shortstop.  
Suter Sullivan, captain and third  
baseman.  
Nathan Wilbur, secretary of the  
club.  
Billy Hallman, right fielder.  
Pitcher Stecher.

With the exception of Keana none  
of the victims is seriously hurt.  
The wagonette had reached Eight-  
teenth and Olive streets, one block  
from the ball grounds, when the ac-  
cident occurred.

The club left for Toledo on a late  
train, where it was scheduled to play  
today, but the train will not reach  
Toledo in time for the game. Secre-  
tary Wilbur stated that none of the  
injured players would be able to play  
for several days and that ball players  
would have to be secured for the  
games to be played during next week.

## NEW FIRM

Begins Business at Cairo—Former  
Publications in It.

Cairo, Ill., Sept. 1.—The new  
wholesale grocery concern, the  
Scudders-Gale Wearer Co., began  
business today. This company is a  
consolidation of two very prominent  
concerns—the Scudders-Gale Co., of  
St. Louis, and the Fields-Wearner Co.,  
of this city. The former opened up in  
Cairo only a few months ago, but  
as it succeeded one of the oldest  
concerns in the city, its success was  
great from the start. The Fields  
Wearner Co. has been here longer,  
though its business career here has  
been comparatively short. The active  
management of the new company  
will be practically the same as the  
old Fields-Wearner company.

## BYSTANDER KILLED.

In a Pistol Duel at Louisville—A  
Bartender Badly Wounded.

Louisville, Sept. 1.—The com-  
plaint of Charles Patton, colored,  
that the beer was flat, caused a pis-  
tol duel between Patton and John  
Hennessey, a white bartender, at  
midnight. Charles Sheriff, a negro  
bystander, was killed and Hennes-  
sey was wounded.

## TEN KILLED

In the Wreck of an English Express  
Train.

London, Sept. 1.—The Cromer  
Express on the Great Eastern, was  
wrecked at Chelmsford this morning.  
The official report says that ten  
persons were killed. The train sud-  
denly left the rails and dashed into  
the station and the wreckage caught  
fire. Several persons were cremated.

Admiral Dewey's Brother Dead.  
Montpelier, Vt., Sept. 1.—Charles  
Dewey, the only brother of Admiral  
Geo. Dewey, died at his home here  
last night, aged seventy-nine.

## NOT MUCH CHANGE AT NEW ORLEANS

41 New Cases and 6 New Foci  
Yesterday.

Six Deaths Shows a Decrease—It Is  
Believed the Scourge Is Get-  
ting Under Control.

## MESSAGE FROM THE PRESIDENT

Report to 6 p. m. yesterday:  
New cases, 41.  
Total to date, 1,919.  
Deaths, 6.  
Total, 277.  
New foci, 6.

## Today's Fever Report.

New Orleans, Sept. 1.—At noon  
ten new cases, and one death from  
yellow fever had been reported. The  
dead man is a negro.

## Situation at New Orleans.

New Orleans, La., Sept. 1.—Evi-  
dencing his deep sympathy with New  
Orleans, President Roosevelt yester-  
day sent a notable acknowledgment  
to Mayor Behrman of a telegram  
applauding the president's ser-  
vice to humanity in restoring peace  
in the far east.  
Mayor Behrman's telegram was:  
"New Orleans hastens to give ex-  
pression to her profound admiration  
of your wonderful accomplishment.  
It must prove a source of lasting  
pride to all true hearted Americans  
to feel and know the whole civilized  
world is paying homage to the great  
chieftain of our country, from whose  
master mind emanated an achieve-  
ment in the cause of humanity  
which will rival any of the master  
strokes which ever have been or ever  
will be recorded in history."

The president replied: "No tele-  
gram has touched me as deeply as  
the telegram from you showing that  
in the midst of her great trial New  
Orleans is so keenly alive to all that  
effects the interest of the world and  
the honor of our own country. You  
have given full expression to the feel-  
ings of your brave and gallant peo-  
ple, for only those with lofty souls  
can in the midst of their own grief  
find time to think of others. I trust  
I need not say how deep and con-  
stant my anxiety is for the welfare  
of your city and state."

The new business year in New Or-  
leans, opening today found the yel-  
low fever situation so evidently un-  
der control that based on present  
conditions, business men and finan-  
ciers are looking forward to excep-  
tional activity in all lines of indus-  
try when the fever is finally stamp-  
ed out and free intercourse re-sumed.

The report for yesterday again  
was favorable as to new cases and  
deaths.  
Surgeon Von Exdorf returned  
from a trip to Levee. Describing  
the conditions there, he said there  
are 475 people in the settlement, of  
whom 175 are now ill. Between 20  
and 30 deaths have occurred there  
since the yellow fever appeared.

## \$43,000 PAID

For Loss in the Recent Tobacco  
Warehouse Fire.

This insurance adjusters who are  
here settling the loss of the Farmer,  
Graham, and others who sustained  
losses in the warehouse fire last  
week, have settled all but a few hun-  
dred dollars of the entire loss.

It is said that the total figures in  
settlement will amount to \$43,000.  
The loss of the dealers on all full  
insurance was paid but some buy-  
ers had more insurance than tobacco  
on hand, and these losses were of  
course apportioned and not paid in  
full.  
One matter with the Graham com-  
pany is hanging fire but this only be-  
cause the adjusters have to go over  
some books before adjusting the loss.

## JURY DISAGREED.

And the Man Who Hung It Is Pro-  
tected by Soldiers.

Russellville, Sept. 1.—The Fletcher  
jury was discharged at 11 a. m.  
today being unable to agree. Eleven  
were for the death penalty and one,  
Mr. Christian, for ten years and re-  
commendation for a pardon. He is  
now in the protection of the military.

## TIMEKEEPER QUILTS.

Mr. Lawrence Hermann Accepts Po-  
sition in Evansville.

Mr. Lawrence Hermann, who has  
been employed as timekeeper in the  
local I. C. master mechanic's office,  
has resigned and gone to Evansville,  
the change being effective today.

Mr. Frank Theobald, who has been  
timekeeper in the woodworking de-  
partment, has been promoted to the  
position vacated by Mr. Hermann and  
assumed his new duties today. Mr.  
Gus Bichon is acting temporarily in  
Mr. Theobald's place.

Mr. Hermann succeeds in Evans-  
ville Mr. J. E. Maalon resigned, from  
a clerical position in the general of-  
fices.

## The Temperature.

Yesterday the maximum tempera-  
ture reached 94, but today it has not  
been so high, but has been very  
"close." The lowest last night was  
70. Today the highest will be about  
85 or 87.

## MORRISON CAUGHT

FORMER STREET CAR CONDUCTOR  
ARRESTED AT MILAN,  
TENN.

Is Charged With Conspiring to De-  
fraud the Street Car Com-  
pany.

Detective T. J. Moore returned at  
noon from Milan, Tenn., with Edgar  
Morrison, a young man the local  
officers had been after for several  
months.

The young man is charged with con-  
spiring to defraud the Paducah City  
Railway out of money.

He was employed on the street cars  
as motorman and conductor and  
while acting as the latter in some  
way got hold of an extra cash regis-  
ter. He would use this extra regis-  
ter, it is alleged, in collecting, ring-  
ing up each fare, but when he went  
to go off duty would take his regu-  
lar company register and ring up the  
number of fares he wanted to give  
the company and pocket the rest. It  
is further alleged that the boy loaned  
the register to other conductors,  
who used it or attempted to use it in  
defrauding the company out of money.

The boy is being held and is at-  
tempting to give bond for his appear-  
ance before an examining court.

Detective Moore had no trouble  
with Morrison, and allowed him as  
much freedom as he desired. Morri-  
son was in Memphis a short time af-  
ter he left Paducah, but for nine  
weeks had been clerk in the hotel at  
Milan.

It is understood that Morrison has  
nothing to say about the charge  
against him except that "there were  
others in it."

## JUDGE EVANS

SUMMONS THREE TO COME UP  
AND EXPLAIN.

May Fine Them for Working Mines  
in Livingston County.

Clerk J. R. Puryear, of the fed-  
eral court of this district, this morn-  
ing received an order of an unusual  
nature.

It is in the case of W. H. Mann  
against the Marion Zinc Co., and  
others, a suit to settle the ownership  
of mineral property in Livingston  
and Crittenden counties. During a  
recent sitting of court the judge sus-  
tained an injunction restraining any-  
one in the suit from digging or work-  
ing the mineral property. Nothing  
was done with the property until  
several weeks ago when it is claim-  
ed by W. H. Mann, W. L. Kennedy and  
C. S. Knight, parties in the suit, be-  
gan digging.

This is in direct conflict with the  
instructions of the court, and the  
order received this morning sum-  
moned the three above mentioned  
persons to appear in Louisville be-  
fore Judge Walter Evans on Sep-  
tember 8, and show reason why they  
should not be punished for contempt  
of court in failing to carry out the  
provisions of the injunction.

The suit has been in federal court  
for sometime and has been one of  
great interest.

## ENCAMPMENT IS NOW ALMOST OVER

Dinner Tomorrow Will be the  
Last Meal.

The Work of Packing Began Today—  
Soldiers Leave Tomorrow Night  
At 10 O'Clock.

## LAST DRESS PARADE TOMORROW

In a few hours the encampment  
will come to an end. Today a great  
deal of equipment was packed for  
shipment and tomorrow morning the  
quartermaster officers will begin  
loading baggage cars. The camp will  
be struck tomorrow shortly after noon.  
Dinner will be the last meal served,  
but the men will be issued traveling  
rations. At first it was thought that  
it would take until Monday to get  
everything away but the officers will  
finish in time to get away tomorrow  
night at 10 o'clock, when the regim-  
ent leaves for home on a special  
train.

All the companies have finished  
shooting on the target range and this  
afternoon the targets were taken  
down and packed for shipment to  
Frankfort. This morning the five  
best shots in each company were on  
the range and after they finished  
shooting some of the general officers  
went over and shot with pistols. The  
regimental officers shot yesterday af-  
ternoon and some good scores were  
made.

The final dress parade takes place  
tomorrow afternoon in the baseball  
park. The parade this afternoon was  
attended by a small crowd. The men  
suffered considerably from the in-  
tense heat. The last guard mount  
will be tomorrow morning. Up until  
noon the daily routine will be car-  
ried out, after which the tents will  
be taken down and each one carefully  
folded and loaded onto wagons to  
be hauled to Eleventh and Broad-  
way for loading into cars. Col. A. T.  
McCormack will make a final inspec-  
tion of the camp tomorrow morning  
and have it cleaned so it will be left  
in a good sanitary condition.

Capt. Mervin Parent, of the quar-  
termaster's department leaves tomor-  
row night for Russellville to join the  
troops there, where he is acting quar-  
termaster and commissary. He had  
to return here to assist in shipping  
the equipment. Capt. Parent is  
afraid there will be trouble at Rus-  
sellville on account of the jury failing  
to agree in the criminal assault case.  
The officer of the day is Capt. J.  
H. Boswell, of company I, Mayfield,  
and officer of the guard, Lieut.  
Shanks, of company E, Madisonville.

The work of the paymaster's de-  
partment has been completed and  
last night Col. Mott Ayres and Mrs.  
Ayres left for Fulton to remain a few  
days, and Capt. C. E. Wright an  
assistant in the paymaster's office,  
returned to Frankfort.

Yesterday and today have been two  
of the hottest days of the encamp-  
ment. There were several heat pros-  
trations, but none of any serious-  
ness.

## Encampment Notes.

Some of the officers say they will  
be glad when the encampment is  
over as they are getting home sick.

A long distance telephone message  
from Russellville this morning stated  
that everything was quiet there, al-  
though the people do not feel very  
good over the action of the jury,  
which failed to agree.

The health of the camp continues  
good. There are no cases in the hos-  
pital.

Private Martin of the Second regi-  
ment, who came to Paducah with ty-  
phoid fever, has about recovered.  
He has been confined in Riverside  
hospital and was treated by Dr. Col-  
man.

## CHICAGO FIRE.

\$70,000 Damage—Women Have a  
Narrow Escape From Hotel.

Chicago, Sept. 1.—Fire this morn-  
ing gutted the building at 263  
Kinsie street, loss seventy thousand  
dollars. The smoke entered the ho-  
tel Nicholas, causing a panic. Six wo-  
men were rescued from windows by  
firemen.

## COMMERCIAL CLUB

Sending Out Much Advertising Mat-  
ter.

Mr. D. W. Coons, secretary of the  
Commercial club, is this week send-  
ing out 3,000 printed advertisements  
of the city of Paducah through the  
east, north and middle west.

The commercial club has done a  
world of good in advertising the city,  
and while its work in establishing  
factories and commercial enterprises  
here has not been what they hope to  
make it, a world of trade has been  
secured, and benefits and advantage  
for Paducah merchants in many other  
ways which are not seen from the  
surface.

## DOWN THE SHAFT

WILL CAMPBELL FALLS 25 FEET  
IN HIS SLEEP.

Walked Down the Elevator Shaft—  
Was Not Seriously In-  
jured.

Early this morning Mr. Will  
Campbell, of the Doherty Dry Goods  
store met with a peculiar and painful  
accident.

Mr. Campbell rooms above the  
store and last night he walked to  
the freight elevator in his sleep and  
fell 25 feet down the shaft, landing  
on his left side. The left foot, hip  
and arm were badly bruised by the  
fall. Mr. Campbell, in falling struck  
the top of the elevator and in some  
way started the elevator going down-  
ward. He crawled back up the steps  
and retired thinking that the bruises  
were of little consequence.

Dr. P. H. Stewart was called this  
morning and though no bones were  
broken, Mr. Campbell was suffering  
a great deal of pain. Dr. Stewart  
had him removed to the Riverside  
hospital, where he is resting nicely  
today.

## DIED IN DENVER.

Mr. Frank Ripley, Aged 21, Dies of  
Consumption—A Native of  
Paducah.

Relatives here this morning re-  
ceived a telegram announcing the  
death of Mr. Frank Ripley, of Mem-  
phis, Tenn., at Denver, Col., last  
night at 10 o'clock of consumption.

The deceased was born in Paducah  
but when young removed to  
Memphis, his father, Mr. James Rip-  
ley, making that city his home. The  
deceased was 21 years of age and  
14 months ago was taken to Denver  
for his health. He was benefited by  
the change until a short time ago  
when he began to grow worse.

The deceased leaves two near re-  
latives in Paducah, Mr. Geo. Ripley,  
of the ice factory, an uncle, and Mrs.  
G. R. Davis, an aunt. He was well  
known in Paducah, having visited  
his niece, Miss May Davis, of Fifth  
and Madison street, annually. The  
remains were shipped from Denver  
today, and although no definite in-  
formation can be had relative to the  
burial, it is presumed the body will  
be brought to Paducah for inter-  
ment, the family burial grounds be-  
ing here.

The young man was popular in  
Paducah and leaves a host of friends  
to mourn his death.

## ARMY SURGEON.

In Paducah Today Visiting Dr.  
Frank Boyd.

Dr. J. W. Ames, of Seattle, Wash.,  
who is temporarily in charge of the  
marine hospital at Cairo, was a caller  
at "Camp Yeiser," this morning.  
Dr. Ames came over to see Dr.  
Frank Boyd, whom he knew as an  
army surgeon. He called on Col. Mc-  
Cormack and other officers at the  
camp. Dr. Ames is in charge of the  
marine hospital at Seattle and has  
served with the U. S. troops in the  
Philippines. Dr. Boyd is marine sur-  
geon in Paducah.

## PROMINENT MAN COMING.

Held Office Under Grant, and Built  
Paducah's First Market House.

Mr. Green B. Raum who was au-  
ditor of the treasury under Gen.  
Grant, and who built the old market  
house in Paducah years ago, will ar-  
rive in Paducah tonight on business.  
He is interested in the wheel factory  
mentioned a few days ago, that de-  
sires to locate here.

## ANOTHER ERROR IS FOUND IN ORDINANCE

"Heat" in Franchise Ordinance  
Causes More Vexatious Delay.

Mayor Discovered It and Refused to  
Sign—More Called Meetings  
Necessary.

## IT IS DUE TO CARELESSNESS

The city seems to be having a  
great deal of trouble getting its or-  
dinances in shape before they can be-  
come laws and be enforced. It was  
not long ago that the "anti-spitting"  
ordinance, after going the rounds of  
the boards, had to be passed over  
again because the word "walk" had  
been left off "sidewalk" making the  
ordinance meaningless.

Yesterday the aldermen discovered  
that the word "general" had been  
left off "general council" in the quar-  
antine ordinance, and decided that  
it would have to go in.

The ordinance was then amended  
and the previous three passages of  
the measure were thus rendered use-  
less, as the ordinance had to be passed  
all over again.

It was only a short time after-  
wards that Mayor Yeiser, in read-  
ing over the two franchise ordinan-  
ces, discovered that there was a super-  
fluous word in the title of one of  
the ordinances. It was in the or-  
dinance providing for the sale of a  
light and power franchise. The board  
of aldermen yesterday gave final  
passage to the two ordinances for the  
sale of a street railway and a light  
and power ordinance, and the coun-  
cil having already passed them, they  
were handed to the mayor to sign.

He found the railway ordinance  
all right but in the title of the light  
and power ordinance, the superfluous  
word "heat" was found. The com-  
pany already has a heat franchise  
and there was nothing in the  
body of the ordinance referring to  
heat, but Mayor Yeiser declined to  
sign the light and power ordinance  
until the word "heat" in the title  
was eliminated.

This morning the board of alder-  
men held another called meeting,  
and gave second passage to the quar-  
antine ordinance, as amended yester-  
day and first passage to the light  
and power franchise ordinance, as  
changed today by taking "heat" from  
the title.

The board will meet again tomor-  
row morning to give second passage  
to the light and power franchise or-  
dinance, and then the council, which  
has already passed it twice, will have  
to pass it twice again, with the word  
"heat" stricken out.

The board of aldermen came near  
killing the quarantine ordinance to-  
day. It seems that the board is op-  
posed to a quarantine under present  
conditions, and had one member to-  
day agreed to vote against the or-  
dinance with the others. It would have  
been killed, but advised the members to  
go ahead and pass the ordinance and  
let the question of a quarantine  
come up later.

All this error and confusion in  
the transaction of public business  
seems to be uncalled for, and is due  
entirely to carelessness on part of  
the solicitor in preparing ordinances  
and the indifference of members of  
the boards who seldom pay any at-  
tention to the ordinances read, and  
when they do catch mistakes, it is  
usually by accident.

These called meetings cost \$3 for  
each member present, but the street  
railway company has been paying for  
them.

## DESERTED SHIP

She Sprung a Leak and Crew and All  
Abandoned the Vessel.

Ft. Worth, Texas, Sept. 1.—The  
schooner John Francis was abandon-  
ed by her crew sixty miles off the  
coast of Galveston. The schooner  
was bound for Coatzacoalcas, Mex-  
ico, with a cargo of lumber. She

## Theatrical Notes

"A Thoroughbred Tramp," which appears at the Kentucky Labor day matinee and night, is claimed to be one of the best comedies on the road. The story of the play deals principally with the troubles and scrapes of the tramp, I. Rush Thompson, though through the comedy there is a strain of sadness, the history of a wrecked life, a fall from fine sentiment to the rags and tatters that proclaim him to be nothing but a tramp, a turn from the association of refined people to that of the class who beat their way from place to place drifting with the season. The play is a new one and said to be thoroughly entertaining from start to finish.

Meyer Cohen, manager and Lon Vail, agent, for the Elks Stock Co., are at the Palmer house. The show will probably be booked for the Kentucky.

The theatrical profession will be hard hit by the quarantine, as many southern tours will have to be abandoned. Many companies will not know for several weeks how much they will be affected by the quarantines.

### New Kentucky Banks.

The following Kentucky national banks have been authorized to begin business with a capital of \$25,000 each: The National Bank of London, London, D. C. Edwards, president; E. H. Hickey, vice-president; D. F. Brown, cashier. The Morgan County National Bank, of Cannel City, M. L. Conley, president; Joe C. Stamper, vice-president; Luke Powell, cashier.

### Spider in Her Hair.

Anderson, Ind., Sept. 1.—When Mrs. Elmer Albright awoke from a long sleep at her home in this city she brushed a large black spider from her forehead. After killing the insect she went to a mirror to examine her forehead and discovered that the spider had woven a web in her hair. Otherwise than by fright after discovery of the intruder Mrs. Albright was not injured.

## NINETY CASES

ON THE CRIMINAL DOCKET OF CIRCUIT COURT FOR THIS TERM.

Two For Murder—Other Cases Have to Be Investigated by the Grand Jury.

The criminal docket of the McCracken circuit court contains a total of 90 cases.

Of these ninety cases there are only two for murder in which indictments have been found, and the cases set for trial. Rufe Neece, colored, who killed a negro named Ingram on the Benton road, will be tried, and also will Willis Mount, who killed Willis Nitty, a jockey.

Mrs. Mary Brockwell, who was given a life sentence for killing her three babies, will be before the court, probably for a test of her sanity.

There are many minor cases, a number of merchants being indicted at the last sitting of the grand jury for selling cigarette papers with tobacco.

There are other cases in which no indictment has been found, such as the I. H. Loving case. It is hardly probable that the latter will be tried at this term of court, as a case is seldom tried at the term at which the indictment is found.

### NOTABLE DEBATE.

Mayfield Stirred Up Over a Momentous Question Involving the Hen.

Mayfield is greatly stirred up over a debate which takes place there tonight between the preachers and lawyers on the question.

"Resolved, That the hen that lays the egg is the mother of the chicken, rather than the hen that hatches it."

The contestants in the debate are to be:

Affirmative: Rev. A. S. Pettie and Rev. W. Tom Logan.

Negative: Hon. Gas Thomas and Hon. H. J. Moorman.

The Mayfield Messenger says on the subject:

"Tomorrow night at the courthouse the debate between the lawyers and the preachers on the subject of the hen and the egg question, will certainly be worth hearing. We are of the opinion that the lawyers will get snowed under, and that the preachers will show to the audience that the hen that lays the egg is the actual mother of the chicken. This has long since been a mooted question, but we can't believe that the lawyers know very much about the motherhood of a chicken."

### HIS FIANCEE.

Met Anthony Flala When He Landed in New York.

New York, Sept. 1.—After more than two years' absence in the frozen confines of the Arctic regions, Anthony Flala, who commanded the last Ziegler expedition in search of the North Pole, returned to New York on the Oceanic.

As he stepped on the pier two women rushed into his arms—his mother and his fiancée, Miss Claire Puryear, of Nashville, Tenn. They had expected to greet a worn and broken man, marked by the hardships and hardships of the wilderness of ice. Instead, they saw a vigorous, enthusiastic son and sweetheart returning to them from the mysterious regions that had buried him from their knowledge for so many months. Mr. Flala went immediately to his home in Brooklyn.

The marriage of Mr. Flala and Miss Puryear will not be long delayed. During the weary months of waiting when the fate of Anthony Flala was a mystery, the young woman never despaired of his safety. To her he sent one of the first messages announcing his arrival in Norway.

### THREW STONES AT HIM.

Serious Charge Against Negro Arrested in Illinois.

Calto, Ill., Sept. 1.—Special Agent W. E. Briggs, of the Illinois Central railroad, arrested a negro named Charley Lightfoot, on a charge of throwing stones at the Illinois Central train. The negro resides somewhere between Villa Ridge and Pulaski, and has been in the habit of throwing stones at the passing trains which break the windows and do other damage. On August 22, 1905, this negro placed 15 railroad spikes on the track in front of a train. Complaint was made of this affair and Mr. Briggs followed the negro and arrested him.

## LATE BASEBALL NEWS

### Remarkable Baseball Record.

A ball team of fifteen year old boys at Smithland, known as the Headricks, has had a remarkable record broken. It has just lost its first game in four years. The Smithland Democrat says: "The Hampton baseball nine, known as the kid nine, and the Smithland kid nine engaged bats here yesterday. The game resulted in a great victory for the Hampton boys, the score being 28 to 7, in favor of Hampton. This is the first game lost to the Smithland kids in four years, and 122 games played. But they were up against the real thing when they tackled the Hampton kids."

### Benton Again Defeated.

The L. A. L's. went down to Benton, Marshall county, yesterday afternoon and again defeated the Benton ball club. The latter is said to have had a battery from Paris, Tenn., and three players from Murray, but the L. A. L's. beat them 6 to 0. Block and Gouffaux were on the firing line for the Paducah team. A three-bagger by Sands, of Paducah, with two men on bases, was one of the features of the game. Benton made only three hits.

### Colored Team Back.

Iten Boyd and his team of colored champion ball players have returned from Chicago, where they played one game with the "Giants" there. They were defeated, but were not discouraged and had it been possible to get more games, the Paducah players are confident they would have made a good showing. Iten Boyd, the manager, says that those Chicago niggers have seen those big league games so often that they have gotten a little foxy. "They're on to them slick tricks," said Boyd today, "and outplayed us 'cause they out-schemed us. Why, them niggers know about everything. They hunt the ball, slip in home on the catcher when he's thinking about the next strike. I'll declare to goodness, none of 'em Chicago niggers even stops at second base to take on water. If they ever get a start they just keep on going."

Hickman Comes For Three Games.

The first baseball to be seen in Paducah since the Vinnies-Paducah post-season series, will be witnessed Saturday, Sunday and Monday at Wallace park, when the Paducah Kitty league team and the Hickman team, independent, meet.

On Monday a double-header, Labor Day, will be played, and it is likely that a large crowd will be out. At first games were arranged with Poplar Bluff, Mo., but Hickman beat this team, and to make it more interesting the local management arranged a series with the Hickman team.

Eddie Brahe and Lo Dingold, two Paducah boys, are with Hickman, and have been playing phenomenal baseball. They will prove an attraction to the game in addition to the ordinary sport.

## CHARLES ODUM ONCE LIVED IN PADUCAH

Man Burned to Death in Cincinnati Known Here.

He Once Went Up in a Balloon at Wallace Park and It Caught Fire.

HIS ESCAPE WAS MIRACULOUS

The death of Charles Odum, formerly of Cairo, who was burned in a fire that destroyed a concert hall in Cincinnati yesterday, recalls a thrilling escape he had in Paducah several years ago.

Odum was an aeronaut of experience and his escape from a burning balloon here is remembered by many.

Several years ago rival street railway companies at Paducah gave free shows and attractions in a lighter light for the patronage of pleasure seekers.

Charles Odum took the part of musical director and did parachute drops on Sundays at Wallace park.

One afternoon when the park was crowded with people Odum gave the word to "turn loose" and his balloon started on its voyage. As it drifted over the "stove" which supplied the hot air the mouth of it came in contact with a flame. In an instant the bag was ablaze from top to bottom. Cries of warning from the crowd were taken for applause by Odum and through this mistake he was saved from a horrible death.

If he had known that the cries were those of warning he would have cut loose with his parachute before there was room between his start and the earth for its opening.

The balloon had risen about 200 feet before Odum discovered that his balloon was burning. He quickly pulled the line which kept him dropping from the balloon. The parachute fell like a rocket until within a few feet of the ground. When Odum's feet were almost ready to strike the canvas opened. Odum was thrown on his side amidst a crowd of women and children.

Willing hands lifted him away just in time to be missed by the balloon which had followed his descent by a few feet.

A dog was caught by the remnants of the balloon and burned to death. Odum was only slightly bruised.

After leaving Paducah Odum traveled with several theatrical companies. He has been at Cincinnati for several months playing at a concert hall.

Odum was burned to a crisp after

making a heroic effort to save his wife, May Odum, a well known concert singer. Fire which started from gasoline, destroyed the building used as the concert hall. Odum threw his wife from a second story window. A special from Cincinnati says that Mrs. Odum is expected to die at any time.

Odum, after pushing his wife from the window, fell exhausted. The firemen found his body charred beyond recognition.

Mrs. J. H. Grothouse, his mother, wife of J. H. Grothouse, who at one time conducted a grocery at Cairo, left last night for Cincinnati. She was accompanied by Mr. Mulhan, her son-in-law.

The body will be taken to Cairo for burial.

The dead boy's parents now live in Future City, on the Mound City road.

#### VINCENNES JUBILANT.

Treats Players to a Banquet and Presents Pictures in the Paper.

The Vincennes Capital of August 30 printed two pages of baseball matter in honor of the pennant victory.

One page was given over to pictures of each player who was with the team in the latter part of the season in actual service. The paper also has each series of games, the number lost to each team and the averages of each player.

Cooper is said to be the longest drive hitter in the league leading in extra base hitting and making eight home runs during the season. Although the team closed the season with 12 men, it had during the season a total of 28 different players.

The management and citizens, to show their appreciation for the work of the Champions, gave them a brass band turnout on arrival and a big banquet.

## Daily Thought.

"Wisdom is oft" times nearer when we stoop than when we soar."

## A COMMERCIAL CONVENTION.

It would perhaps be better if there were no such thing as a modern quarantine, but there must be something. A meeting is to be held at Chattanooga next month to which all cities are invited to send delegates, and to which many, including several Kentucky cities have decided to send delegates, and a great deal of good is expected to be accomplished. A number of questions important to the south, among them that of quarantine, will be discussed.

Questions pertaining to the growth and welfare of the south will be threshed out, and such recommendations as are conducive to its interests will be indorsed by the body as well as urging that they be enacted into laws. One of the chief topics for discussion will be that of immigration. It is now the general opinion of the business men of the south that certain restrictions should be put on immigration. The laws should be so modified, it is claimed, that a better class of citizens will find their way into this country instead of the riff-raff and shiftless sort.

The present outbreak of yellow fever with its chain of quarantines has forced the subject on the people of the south, and it will be handled at the convention. What is desired is a uniformity in quarantine rules and regulations, so that it will not become a burden to people in the way of expenditure of money and the great loss of time in the numerous detention camps. It is claimed that the present system of quarantine, which is different in nearly every locality, is working untold hardships on the people, and is detrimental to the growth and prosperity of the south.

If the position taken by the board of aldermen in the quarantine ordinance is correct, Paducah has no board of health, for four of the members were elected by acclamation, and all of them elected under an ordinance which prescribes that the members of such board shall be elected by "the common council." There is no such thing as the "common" council. The legislative department is composed of three boards, the board of aldermen, the board of councilmen, and when the two meet in joint session, the "general council." The board of aldermen held night before last, in passing on the quarantine ordinance, that to say the "council" should appoint inspectors was not sufficient, and that "general" had to be inserted.

Inserted. If this is correct, then in the board of health ordinance "general" will have to be substituted for "common" before we can have a board of health. Of course this is hair splitting, but these kind of technicalities are what make the lawyers happy. The board of health may get the city into a damage suit at any time because of the irregularities in the election of its members. There are always people willing to take advantage of such defects, and always plenty of lawyers glad to assist them.

Col. Watterson is very gracious to President Roosevelt. In an editorial in the Courier-Journal he says in part: "The issue of the conference at Portsmouth adds greatly to the prestige of a president who already stood before his countrymen and the world in a kind of halo of distinction and favor. Whatever differences be ahead of us touching the administration of affairs and involving more or less of friction and acrimony, there are not in the minds of true Americans today two opinions, nor in their hearts any divided sentiment, about the fulfillment, which has crowned what seemed in the outset a hopeless undertaking. We take off our hat and tender him (Roosevelt), the great homage and unstinted admiration of pride exultant, taking no account of anything except the resplendency of his achievement and the glory it brings to us all."

There isn't much reason in the howl that from time to time goes up because of railroad wrecks and the number of people killed and injured. It is likely that railroad employees are as careful as people in such a hurry as Americans, could possibly be, but when one stops to consider the thousands of times there are not accidents, injuries or death, the casualty record is not so bad. Some people like to compare river casualties with railroad casualties, but they do not, in so doing, state that about one thousand trains are run to every one steamboat, taking the country as a whole. The record of accidents on railroads is too large, but it should be remembered that the railroad traffic in this country is something enormous.

The Republicans, in putting city and county tickets in the field, invite all Democrats and men of other party affiliation, to meet with them and assist, and if they desire to make the races under the Log Cabin, to take their chances of nomination with the others. The nominees, however, whatever their politics, will run under the Republican emblem. A number of good citizens, including Democrats and Prohibitionists, have already signified their willingness to run under the Log Cabin, and the Republicans will be very glad to have them. Whoever are nominated by the Republicans, however, and whatever their politics, they will run under the Log Cabin.

The main trouble with Paducah now in regard to a quarantine is that she started out wrong when the yellow fever scare began. There is no reason Paducah should have been quarantined against, but she was, when a small expense and a little tact would have prevented the whole thing.

Metropolis, Ill., is improving. It is preparing to build a number of grand old sidewalks, and has passed an anti-spitting ordinance. So much for living near a big city like Paducah!

Sprains. S. A. Read, Cisco, Tex., writes, March 11, 1901: "My wrist was sprained so badly by a fall that it was useless; and after using several remedies that failed to give relief, used Ballard's Snow Liniment, and was cured. I earnestly recommend it to anyone suffering from sprains."

## MINOR CASE.

At First He Did Not Want to Come Without a Requisition.

Detective Will Baker returned from Murphysboro, Ill., yesterday afternoon at 4 o'clock with Rufe Minor, colored, who is wanted here for assault with intent to kill.

Minor is alleged to have attacked the late James Crow on the steamboat Dick Fowler on a colored Decoration day excursion on May 30, 1904, while he was acting as an officer. Minor declares that Mr. Crow took his pistol away from him and struck him with a club. He says that it was another negro who struck the officer with a bottle and felled him.

Minor did not want to return without a requisition at first, as they had him badly frightened, but after Detective Baker had talked to him a short time he agreed to come. He admits striking Officer Crow with his fist. The case is set for Tuesday morning in police court.

Detective Baker is highly pleased with the hospitable treatment he received at the hands of Murphysboro, Ill., officials during his stay there, all from the mayor down according him every courtesy.

## FIVE BURNED.

They Handled Cross Ties "Treated" With Creosote.

Five section hands employed on the Fulton district of the I. C., near Mayfield, were brought to Paducah last night and placed in the hospital to be treated for severe burns sustained in handling cross ties that had been treated with creosote.

This is the first instance when any section hands in this section of the country have been injured in this way. The preparation had not been properly dried, got on their hands, and one or two of the men sustained burns on the neck where they had placed their hands. The skin will all come off and they will be disabled for some time.

The injured men are Hob Archer, Fabian Hayden, Souner Bridges, John Morgan, all white and Harry Anderson, colored.

The creosote is used to preserve cross ties, prolonging the life of a tie from 7 to 14 years.

Prompt attention to this will save property owners additional cost. STEWART DICK, Assessor. Approved, D. A. YEISER, Mayor. Office, Room 9, City Hall.

## UGLY CASE AGAINST FORMER PADUCAHAN

Albert Walter Charged With Murdering Joseph Gurr.

The Prisoner Liven In Paducah Formerly, and Married a Paducah Girl Three Years Ago.

HE SAYS HE IS INNOCENT

The Louisville police believe they have a good case against Albert Walter, a former Paducahan, arrested there for killing Joseph Gurr, whose body was found in the river, with evidences of foul play and robbery. Walter was arrested on suspicion sometime ago, but released.

After a warrant had been issued against him yesterday, he was again arrested. The Louisville Times tells the remainder as follows:

When seen by a reporter for The Times Walter made the following statement: "I am innocent of the charge. One morning, at 2 o'clock, about a month ago, a man came to Riverview Park and attempted to gain entrance. He was under the influence of liquor and became rough when I tried to force him away."

"I grabbed him and led him to Greenwood avenue. As I released him he turned and reached his right hand to his pocket as if to draw a revolver. Thinking my life was in danger, I struck him on the head with a blackjack, felling him. I was upon him before he could move. Finding he was unarmed I allowed him to arise. As he regained his feet I kicked him and ordered him away. He walked up Greenwood avenue muttering, 'I am going.' 'I am going,' I watched him until he was at least a square away and then returned to the park."

According to his own story, Walter was born and reared at Lexington, Ky., his father, who is a florist, lives in Lexington. Walter came to Louisville from Paducah, he says, on Easter Sunday, 1904. For awhile he was employed as a packer by the Rhodes-Burford Furniture company. Later he worked in a restaurant conducted by Thomas Key, at 213 West Jefferson street. He began working for Col. Lum Simons last March and has been a nightwatchman there since April.

Three years ago Walter was married to Miss Julia E. Scott at Paducah. They have no children. He has three sisters, Mrs. J. P. Moberly, of Chicago; Mrs. Louise Templeman and Miss Maggie Walter, of Lexington, and a brother, Eugene Walter, a butcher, living in Chicago.

Detectives Thomas Maher and John Sexton, the officers who have been working on the case, said:

"The investigation is at an end. The mystery is solved. There is no longer the slightest doubt that Joseph Gurr was murdered and his body was thrown in the river to conceal the crime. We are sure we have the right man under suspicion. There is not a chance for him to evade arrest."

Joseph Gurr left the home of his brother, Benjamin Gurr, a farmer at Fortlie street and Greenwood avenue, with whom he lived, on the evening of July 29, saying that he would spend the night with a cousin at 25th and Rowan streets.

On August 1 Gurr's body was found on Hughes' sand bar, in the Ohio river, five miles below Riverview Park. The body was not identified and at the instance of Coroner Kelly was buried in the potter's field on the Seventh street road. August 14 the body was exhumed and identified. Gurr's brothers at once suspected that murder had been committed.

Joseph Gurr was 37 years old and unmarried. Sometime ago he sold his farm and went to the home of one of his brothers and had been living with his mother. He is survived by his mother, Mrs. Mary Gurr, of 40th and Chestnut streets; three brothers, Oscar Gurr, a coal dealer, who lives at 2630 Woodland avenue; Monroe Gurr, of Shelby county, and Benjamin Gurr, of 10th and Greenwood avenue; a sister, Mrs. Alice Coleman, of Providence, Ky.

Walter was this morning presented in police court and his case was continued until Tuesday.

## GOING BACK, HE SAID.

Get Yellow Fever, and Then Give It to All Fulton.

Officer Aaron Hurley returned last night from Tennessee, after his vacation, and reports a very amusing experience at Fulton while waiting for his train.

"Some stranger from Mississippi" was on the train and it seems wanted to change cars," said the officer. He knew where he wanted to go, but was not so sure that he would go. You see the inspectors got hold of him. They pulled that fellow off the train and stood him out on the platform as if he were some curiosity. After they had passed on him several times and fired a volley of questions at him, they permitted him to take his train.

"He started to step aboard the train, but catching himself a minute hurried back at the crowd of bystanders. 'You know what I am going to do to you guys?' Well, I am going back to Mississippi, get yellow fever, and come back and give it to the whole d— town," and with that he scrambled aboard the train.

## Hopkinsville Tobacco Market.

The local tobacco market during the week just past was almost lifeless, the receipts showing a heavy falling off while sales were small. Nearly all of the tobacco offered was of low to medium grades. The inspectors' weekly report is as follows: Receipts for the week, 45 hhds.; receipts for the year, 2,135 hhds.; sales for the week, 74 hhds.; sales for the year, 6,198 hhds.

Only about 5,000 pounds of tobacco were offered on the loose floor and this was sold in one day's sale instead of two days as has been the case heretofore.

The farmers' association report that they have made no sales during the past week.—New Era.

### People and Pleasant Events

#### Marriage at Dyersburg, Tenn., Last Night.

Mr. Frank Williamson and Miss Nell Jones surprised their many friends last night at Dyersburg by their marriage. The ceremony was performed by Rev. A. J. Meadows, of the Methodist church there, at the residence of the bride and only a few friends were present. Mr. J. P. Newell, of this city, and Miss Tillie Parr, of Dyersburg, were the attendants. Mr. Williamson is with the D. J. Leighman Gentlemen's Furnishing house and Mrs. Williamson was one of Dyersburg's most popular ladies.

The wedding came as a great surprise as only a few intimate friends were informed. The couple will make their future home in Dyersburg.

#### A Pleasant Reception.

Col. Jonett Henry, of the Third regiment, was entertained with a reception and smoker at Castle Hall by Paducah Knights of Pythias last night, and the occasion was one long to be remembered for its pleasant features. There was plenty to eat and smoke, and good feeling and fellowship prevailed throughout. Col. Henry and a dozen or more other officers of the Third regiment who accompanied him, made addresses, and a number of local Pythians also made talks. Prof. C. H. Hatfield presided over the gathering, and was assisted by local members. Col. Henry is past grand chancellor of Kentucky.

#### Christian Endeavor Social.

The Christian Endeavor Society, of the C. P. church, held their regular business meeting Monday night at the residence of Mrs. John Morgan at Tenth and Harrison streets. After the regular routine of business a pleasant social was held. Those present were: Mr. and Mrs. John Morgan, Mrs. John Slaughter, Misses Nona Stokes, Enna Coles, of Mayfield; Katie Casper, Pearl Campbell, Miss Craig; Messrs. Cecil Gilliam, Lacy Threlkeld, Will Watson, Pearson Lockwood, C. C. Needham, Jas. Vance. Delightful refreshments were served at 11 o'clock.

#### NOTHING PLEASANT

About Clerk McFadden's Sojourn in Cairo, Ill.

Clerk Dan McFadden, of the post office, had to pass through Cairo night before last on his way back to Paducah from St. Louis. He was escorted by two guards to a coach and assigned quarters there at 1 o'clock.

In the morning, to wait for the departure of the Paducah accommodation train at 6 a. m.

Mr. McFadden was forced to spend the time in a stuffy coach with temperature at about 100 degrees, and remain there at the mercy of mosquitoes and "gallinippers" until daylight.

Owing to the absence of a large number of the members of the Magazine club a meeting of that body will not be held until September 15, when it is called meeting new officers will be elected for the coming season. The first regular meeting will be held on the second Thursday of October.

### STRUNG HIM UP

NEGRO PORTER AT GOLCONDA ROUGHLY HANDLED.

Was Let Down and Had Three Men Arrested at Golconda, Ill.,

Golconda, Ill., Sept. 1.—A negro porter at a leading hotel was accused by a guest of stealing \$140 from his room. Refusing to give up the money or disclose its hiding place, the negro at an early hour was taken by several persons to a secluded spot some distance from town and hanged from a limb for a brief period and then let down. Upon his promise to get the money if returned to the hotel, he was brought back to town. Here he refused to produce the stolen money, but instead gave the alarm and trapped his captors.

The negro is in jail, and three men named Clayton, Shelley and Reeves, the two former railroad men and the latter a saloon man of this place, were arrested and placed under bond on a charge of assault with intent to kill.

## MORE NEW TEACHERS HAVE BEEN CHOSEN

Three Vacancies are Filled by the Committee.

No Quorum at the Board of Education Meeting Last Night to Discuss Sewerage Question.

### OTHER NEWS OF THE SCHOOLS.

All vacancies in the corps of teachers in the Paducah public schools have now been filled, and all is in readiness for the opening of school Monday week, Sept. 11th.

At a recent meeting of the school board a committee with power to act was appointed to fill the vacancies and have the entire teaching corps ready by the opening of school. This made it unnecessary for a special meeting of the board again before the opening of school.

The committee has selected the following teachers, three in number, which completes the entire corps:

Miss Nannie McCullom, of Bowling Green, who was in the schools last year, will return and teach a grammar grade.

Miss Ernestine Alms, of Owensboro, was selected to teach a primary grade.

Miss Susan E. Smith, of Chicago University, was selected to fill the chair of modern languages in the high school.

All teachers are well qualified to fill the positions, and this year it is said, the teaching corps will be one third percent stronger than last.

The intent of the board is to have teachers who can teach, those employing the latest methods and will work until the schools are supplied with none but this class of tutors.

### No Quorum Last Night.

The school board was called for a special session last night but no quorum was present, and no business transacted.

The meeting was called to appoint a committee to co-operate with a committee from the board of health in appearing before the legislative boards to secure the extension of the sewers from Ninth street to the high school building. The members failed to all respond and there was less than a quorum. The members who were present with the president agreed to simply get up a resolution signed by each member of the board and appoint a committee to appear with the board of health committee before the council Monday night.

The matter of extending the sewers to the high school is an important one and is a sanitary measure, for which the school authorities have been fighting since the school was built. It is thought that the committee will have no trouble in convincing the boards that the sewerage is necessary and securing the passage of an ordinance authorizing it.

The school house is fitted out with a complete sanitary sewerage outfit but it is not connected up. All that remains to be done is to extend the pipes and connect.

### Teachers' Examination.

Yesterday the examinations of teachers for city certificates began and will last through today. There are 16 applicants, 14 while and 2 colored. They are teachers who are now employed in the schools who desire to get higher grade certificates. The examinations are being held by Supt. C. M. Leib, Miss Emma Morgan and Prof. Geo. O. McElroon.

### Pupils' Examination Next Week.

On the 5th and 6th of September the pupils' examinations will be held. These are for pupils who were ill during the latter part of the last term and who want to stand examinations for promotions. Others who desire to attempt to better their grades and be shoved up another notch or two higher may also apply. This will be the last examination for pupils.

### New Teacher Arrives.

Miss Clara Anderson, of Chicago, who has accepted a position in the Paducah public schools, has arrived in the city and is staying at the residence of Miss Emma Morgan.

### St. Mary's Academy.

Saint Mary's Academy at Fifth and Monroe streets, opens next Monday for this year's work. This academy ranks high in its work and always has a large attendance.

The Saltito passed up the Tennessee river last night on her way from St. Louis.

The W. H. Hintorff leaves Nashville tomorrow at noon and is due here Sunday afternoon.

The Hazel left this morning for the Cumberland river. Next week the Hazel will enter the Paducah and Luka, Ky., trade, leaving every Monday and Friday morning at 10 o'clock.

The Royal arrived on time this morning from Golconda and left on her return trip this afternoon.

The Catherine passed down last night at 11 o'clock on her way from Louisville to Mound City with coal and stone for the building of the dike at Mound City. Three new barges from Capt. Barrett's boat yards above Cincinnati were brought down by the Catherine.

The steamer Harth is due down from Caseyville tomorrow with a tow of coal for the West Kentucky Coal company.

The little steamer Royal that plies between Golconda and Paducah, making daily trips, was sued some days ago by Jeff Compton, who has been running on the boat for some time. Compton, it seems, claimed wages from the management of the boat, and on the trial at Paducah, yesterday, it developed that Compton had borrowed enough money to buy a half interest in the boat; he had failed to pay for it and his securities paid off the obligation and sold it to Capt. Barnes, after which Compton asked for wages. It was shown however that he had been asked not to render any services on the boat, and asked not to come on the boat. The trial resulted in favor of Capt. Barnes and he is now half owner of the steamer.—Smithland Banner.

Mayfield, Ky., Sept. 1.—Mr. Peter Cox died of consumption. He was 57 years of age and leaves a wife and four children.

## The Adventure of the Abbey Grange

No. 12 of the Series

(Continued from yesterday.)

"You have other injuries, madam? What is this?" Two vivid spots stood out on one of the white, round limbs. She hastily covered it.

"It is nothing. It has no connection with this business tonight. If you and your friend will all down, I will tell you all I can.

"I am the wife of Sir Eustace Brackenstall. I have been married about a year. I suppose there is no use of my attempting to conceal that our marriage has not been a happy one. I fear that all our neighbors would tell you that, even if I were to attempt to deny it. Perhaps the fault may be partly mine. I was brought up in the free, less conventional atmosphere of South America, and this English life, with its proprieties and its prudences, is not congenial to me. But the main reason lies in the one fact which is notorious to every one, and that is that Sir Eustace was a confirmed drunkard. To be with such a man for an hour is unpleasant. Can you imagine what it means for a sensitive and high-spirited woman to be tied to him for day and night? It is a sacrifice, a crime, a villainy, to hold that such a marriage is binding. I say that those monstrous laws of yours will bring a curse upon the land. God will not let such wickedness endure." For an instant she sat up, her cheeks flushed and her eyes blazing from under the terrible mask upon her brow. Then the strong, soothing hand of the austere maid drew her head down to the cushion, and the wild anger died away into passionate sobbing. At last she continued:

"I will tell you about last night. You are aware, perhaps, that in this house all the servants sleep in the modern wing. This central block is made up of the dwelling rooms, with the kitchen behind and our bedroom above. My maid, Theresa, sleeps above my room. There is no one else, and no sound could alarm those who live in the farther wing. This must have been well known to the robbers, as they would not have acted as they did.

"Sir Eustace retired about half past 10. The servants had already gone to their quarters. Only my maid was up, and she had remained in her room at the top of the house until I needed her services. I sat until after 11 in this room, absorbed in a book; then I walked round to see that all was right before I went upstairs. It was my custom to do this myself, for, as I have explained, Sir Eustace was not always to be trusted. I went into the kitchen, the butler's pantry, the gun room, the billiard room, the drawing room and finally the dining room. As I approached the window, which is covered with thick curtains, I suddenly felt the wind blow upon my face and realized that it was open. I flung the curtain aside and found myself face to face with a broad-shouldered, elderly man, who had just stepped into the room. The window is a long French one, which really forms a door leading to the lawn. I held my bedroom candle lit in my hand, and by its light behind the first man I saw two others, who were in the act of entering. I stepped back, but the fellow was on me in an instant. He caught me first by the wrist and then by the throat. I opened my mouth to scream, but he struck me a savage blow with his flat over the eye and felled me to the ground. I must have been unconscious for a few minutes, for when I came to myself I found that they had torn down the bell rope and had secured me tightly to the oak chair which stands at the head of the dining table. I was so truly bound that I could not move, and a blackthorn rod my mouth prevented me from uttering a sound. It was at this instant that my unfortunate husband entered the room. He had evidently heard some suspicious sounds, and he came prepared for such a scene as he found. He was dressed in his shirt and trousers, with his favorite blackthorn cudgel in his hand. He rushed at the burglars, but another—he was an elderly man—stooped, picked the poker out of the grate and struck him a horrible blow as he passed. He fell, with a groan, and never moved again.

"I fainted once more, but again I could only have been for a very few minutes during which I was insensible. When I opened my eyes I found that they had collected the silver from the sideboard, and they had drawn a bottle of wine which stood there. Each of them had a glass in his hand. I have already told you, have I not, that one was elderly, with a beard, and the others young, hairless lads? They might have been a father with his two sons. They talked together in whispers. Then they came over and made me that I was securely bound. Placing their hands on my shoulders, they drew after them, along the window, of an hour before I got my quart-

free. When I did so my screams brought the maid to my assistance. The other servants were soon alarmed, and we sent for the local police, who instantly communicated with London. That is really all that I can tell you, gentlemen, and I trust that it will not be necessary for me to go over so painful a story again."

"Any questions, Mr. Holmes?" asked Hopkins.

"I will not impose any further tax upon Lady Brackenstall's patience and time," said Holmes. "Before I go into the dining room I should like to hear your experience." He looked at the maid.

"I saw the men before ever they came into the house," said she. "As I sat by my bedroom window I saw three men in the moonlight down by the lodge gate yonder, but I thought nothing of it at the time. It was more than an hour after that I heard my mistress scream, and down I ran to find her, poor lamb. Just as she says, and him on the floor, with his blood and brains over the room. It was enough to drive a woman out of her wits, I tell there and her very dress spotted with him; but she never wanted courage, did Miss Mary Fraser of Adelaide, and Lady Brackenstall of Abbey Grange hasn't learned new ways. You've questioned her long enough, you gentlemen, and now she is coming to her own room just with her old dress on to get the rest that she badly needs."

With a motherly tenderness the game woman put her arm round her mistress and led her from the room.

"She has been with her all her life," said Hopkins. "Nursed her as a baby and came with her to England when they first left Australia eighteen months ago. Theresa Wright is her name, and the kind of maid you don't pick up nowadays. This way, Mr. Holmes, if you please."

The keen interest had passed out of Holmes' expressive face, and I knew that with the mystery all the charm of the case had departed. There still remained an arrest to be effected, but what were these commonplace rogues but to be should sell his hands with a secret? An astute and learned specialist who finds that he has been called in for a case of measles would experience something of the annoyance which I read in my friend's eyes. Yet the scene in the dining room of the Abbey Grange was sufficiently strange to arrest his attention and to reveal his availing interest.

It was a very large and high chamber, with curved oak ceiling, oaken paneling and a fine array of deer's heads and antlers around the walls. At the farther end from the door was the high French window of which we had heard. Three smaller windows on the right hand side flanked the apartment with cold winter sunshine. On the left was a large, deep

## You Get Up

In the morning tired, languid, and frequently with a headache that is almost unbearable. You have been nervous, restless and sleepless night after night, and gloomy and irritable during the day. This nervous exhaustion affects the heart, lungs and other organs that depend upon the nerves for motive power. Then the stomach fails to digest the food; the heart action is weak, and circulation poor, and the kidneys and liver inactive.

What you need is not a stomach, head, kidney or liver medicine, but Dr. Miles' Nervine to soothe and feed the nerves and build nerve tissue.

"My wife was subject to severe mental strain, which resulted in nervous prostration. The first symptoms were uncontrollable crying and melancholy spells, which increased to such an extent that for over a year she would have a spell every day of from four to six hours duration. She required the constant attention of her physician and attendants. She suffered, great pain and anguish. The best physician attending her could give no relief, and she finally became almost of unsound mind. As a last resort I began giving her Dr. Miles' Nervine, and lo! and behold! her spells next day were not so severe, and they gradually disappeared altogether. She has had no recurrence of the spells, and is gaining in health and strength.

fireplace, with a massive, overhanging oak mantelpiece. Beside the fireplace was a heavy oak chair with arms and crossbars at the bottom. In and out through the open woodwork was woven a crimson cord, which was secured at each side to the crosspiece below. In releasing the lady the cord had been slipped off her, but the knots with which it had been secured still remained. These details only struck our attention afterward, for our thoughts were entirely absorbed by the terrible object which lay upon the tiger skin hearth rug in front of the fire.

It was the body of a tall, well-made man—about forty years of age. He lay upon his back, his face upward, with his white teeth grinning through his short black beard. His two clenched hands were raised above his head, and a heavy blackthorn stick lay across them. His dark, handsome, masculine features were convulsed into a spasm of ghastly horror, which had set his dead face in a terribly ghastly expression. He had evidently been in his bed when the alarum had broken out, for he wore a foppish, embroidered nightgown, and his bare feet projected from his trousers. His head was horribly injured, and the whole room bore witness to the savage ferocity of the blow which had struck him down. Beside him lay the heavy poker, bent into a curve by the concussion. Holmes examined both it and the hideous wreck which it had wrought.

"He must be a powerful man, this elder Randall," he remarked.

"Yes," said Hopkins. "I have some record of the fellow, and he is a rough customer."

**Strikes Hidden Rocks.**  
When your ship of health strikes the hidden rocks of Consumption, Pneumonia, etc., you are lost, if you don't get help from Dr. King's New Discovery for Consumption. J. W. McKinnon of Talladega Springs, Ala., writes: "I had been very ill with Pneumonia, under the care of two doctors, but was getting no better when I began to take Dr. King's New Discovery. The first dose gave relief, and one bottle cured me." Sure cure for sore throat, bronchitis, coughs and colds. Guaranteed at W. B. McPherson's drug store, price 50c and \$1.00. Trial bottle free.

## CONGRESSMAN JAMES

Is Willing to Accord the President All Honor.

"President Roosevelt was certainly born under a lucky star," said Congressman Ollie M. James at the Seelbach last night. "Talk about that man being hurt in submarine explosion, why, I believe if the boat sunk hard and fast to the bottom, with no possibility of ever getting away, President Roosevelt, like a cork, would bob serenely to the surface."

"However, I am willing to accord him all the glory that may be due for the part he played in bringing about a peace between Russia and Japan."

Congressman James is accompanied by Mrs. James. They have just arrived from Washington. Prior to visiting the capital they had been spending the summer months around the Great Lakes.—Courier-Journal.

## Startling Mortality.

Statistics show startling mortality from appendicitis and peritonitis. To prevent and cure these awful diseases, there is just one reliable remedy, Dr. King's New Life Pills. M. ## CHIEF WOODS

WRITES A LETTER THANKING THE FIRST REGIMENT.

For Their Services at the Tobacco Warehouse Fire Here.

In a highly complimentary letter, J. J. Woods, chief of the Paducah fire department, gratefully thanks the members of the First Kentucky regiment for the splendid service they gave in helping to put out a destructive fire in Paducah while they were in camp there last week, says yesterday's Courier-Journal.

The letter was written to Adj. Gen. Italy, and is as follows:

Paducah, Ky., Aug. 26, 1905.  
Adj. Gen. Percy Haly, Camp Venable, Paducah—Dear Sir: I desire on behalf of the city of Paducah and its fire department to extend my thanks and gratitude for the valuable assistance of the members of the First regiment of Kentucky state guard who came to our rescue in fighting a hot, southern and dangerous fire, which threatened our city with destruction on last Wednesday, August 23, 1905, at Tenth and Broadway, to wit, two tobacco warehouses. These men of yours stood by my men hand in hand, shoulder to shoulder, and fought with the bravery due only to old, experienced and well trained men. Never did one leave his post or complain, or even show any sign of weakness until we had the fire not only under our control, but practically out. I cannot overlook the fact that great credit is due to their bravery and endurance. It was without a doubt one of the hottest fires we have had for years, and I must confess had it not been for the assistance rendered by some of the members of the First regiment I could not have succeeded so well, or quickly. I had seven streams continuously playing upon the fire.

Owing to the fact that I was up all night and busy all day following, at the fire and other duties, I failed to see Col. Hindman to express to him how I felt about the matter, and he had left with his gallant braves before I had a breathing spell. But I shall ever remember him and his boys, and any time he or you can come I am at your command. Again thanking you, I am yours very truly,  
J. J. WOODS,  
Chief Paducah Fire Department.

**Abscess.**  
Abscesses, with few exceptions, are indicative of constipation or debility.

W. H. Harrison, Cleveland, Miss., writes, Aug. 15, 1902: "I want to say a word of praise for Ballard's Snow Liniment. I stepped on a nail, which caused the cords in my leg to contract and an abscess to rise in my knee, and the doctor told me that I would have a stiff leg, so one day I went to J. F. Lord's drug store (who is now in Denver, Col.) he recommended a bottle of Snow Liniment; I got a 50c size, and it cured my leg. It is the best liniment in the world."

Sold by Alvey & List and G. C. C. Kolb.

**Woman Dies When Told of Accident.**  
Hopedale, Ill., Sept. 1.—When Mrs. W. Ebelberger was told that an accident had seriously hurt two men here, she was taken violently ill and died two hours later, although neither of the victims was related to her.

A gas tank exploded in Solterman's restaurant. Turner Solterman's right arm was severed from his body by a flying fragment of the tank, which also fractured Gilbert Brown's right leg.

## The Colonel's Waterloo.

Colonel John M. Fuller, of Honey Grove, Texas, nearly met his Waterloo, from Liver and Kidney trouble. In a recent letter, he says: "I was nearly dead, of these complaints, and, although I tried my family doctor he did me no good; so I got a 50c bottle of your great Electric Bitters, which cured me. I consider them the best medicine on earth, and thank God who gave you the knowledge to make them." Sold, and guaranteed to cure, Dyspepsia, Biliousness and Kidney Disease, by W. B. McPherson, druggist, at 50c a bottle.

SUSPECTED IN THE CASE OF ARTHUR STALLS.

Body Found Near Canton, Trigg County—Had Been Knocked In the Head.

Cadiz, Ky., Sept. 1.—The people of the little town of Canton were thrown into great excitement by the finding of the body of a dead man floating in Cumberland river.

The body was first discovered by a negro woman who had gone down to the water's edge to get a bucket of water. It was recognized as the body of Arthur Stalls, of Dover, Tenn., (known by some as Omie Stalls.)

The coroner's jury decided that the man had come to his death by being knocked in the head by parties to the jury unknown.

The body was given temporary burial on the banks of the river, and his son, John Stalls, of Center Furnace, and other relatives at Dover were notified. A number of friends from Dover and his son and several friends from Center Furnace reached Canton and had the body taken up and buried in the Osborn graveyard at Canton.

There is some mystery as to how the man met his death and the real facts will probably never be known. For three months past he had been at work driving an ox team hauling logs for the sawmill at Center Furnace. This job gave out the Saturday before, and he had been given a position as driver of a team to begin work on Tuesday. Monday he became intoxicated with a number of others and caught a boat at Empire, a half mile below Rock Castle, and started up the river with the crowd. The officers had some trouble with him about his failure to pay his fare, and James Lintrell, of Canton, saw a couple of officers of the boat bring him down the steps from the cabin while the boat was landed at Canton. We are informed that the officers say they never saw him after leaving Canton. The supposition is that he fell overboard or was knocked into the river between Canton and the elbow a mile above, as it would have been almost impossible for the body to have passed down over the dam.

Stalls was about 50 years of age, and had been married, but his wife is dead. He has several grown children.

## Legal and Illegal

The Royal Baking Powder is a pure, grape cream of tartar powder. Its greater healthfulness and absolute superiority over other powders are shown by the United States Government official tests, and are so universally recognized that its use is approved and encouraged by health officers at home and abroad.

★ ★ ★ ★ ★ ★ ★ ★ ★ ★ ★ ★ ★ ★ ★ ★

### Guard your food against the alum baking powders.

Alum baking powders are considered so injurious to health, and their promiscuous sale a source of such danger, that their use is universally condemned by physicians and health officers. In many States the law requires that they shall be branded to warn consumers that they contain alum.

In the District of Columbia, under the laws of Congress, the use of alum in bread, biscuit, cake and other food is a misdemeanor.

Alum baking powders may be known by their price. Powders sold from ten to twenty-five cents a pound, or twenty-five ounces for twenty-five cents, are not made of cream of tartar.

#### PADUCAH CONTRACTORS.

Begin Work on Hopkinsville Sewerage System.

The actual work of digging the trenches for the mains of the Hopkinsville sewer system was begun this morning, the first pick being stuck in the ground on West Ninth street near the Illinois Central depot about 9 o'clock, says yesterday's Hopkinsville New Era.

Contractors C. L. Robertson and George A. Gardner, of Paducah, arrived here yesterday. Their car of digging implements has been delayed somewhere and had not arrived this morning when work was begun, but the contractors bought a big lot of shovels and picks and started a small force of men to digging anyhow. If the car had arrived a force of at least one hundred men would have begun operations this morning, but this number will be employed just as soon as the implements are received. This force will be divided into several gangs who will work in different sections of the city.

The trenches for the pipe will be dug to a depth ranging from two to eight feet, the average being about four feet three inches.

Change in I. C. Freight Agents. J. P. Van Meter, who has been Illinois Central local freight agent at Henderson for the past year has resigned his position and will leave for Blue Ridge, Ga., where he has accepted a much better place with the I. & N. He will take charge September 4. He will be succeeded by W. E. Caldwell, of Evansville.

#### Police Report.

The report of the police department for August shows an unusually large number of arrests—214. The charges were:

Robbery, fugitive, 1; forgery, 1; grand larceny, 6; murder, 1; malicious assault, 1; robbery, 3; grand larceny, fugitive, 2; housebreaking, 4; malicious shooting and wounding, 2; petty larceny, 6; breach of the peace, 67; breach of ordinance, 16; disorderly conduct, 14; drunk and disorderly, 13; drunk, 19; disgusting language, 5; trespass, 5; vagrancy, 3; flourishing pistol, 2; concealed weapons, 6; gaming, 7; violating Sabbath, 3; converting property, 1; indecent exposure, 1; shooting in city limits, 1; cruelty to animals, 1; profane language, 1; disorderly house, 11; selling malt liquors without license, 1; maintaining nuisance, 4; peace warrant, 1; escaped from chancery, arrested, 2; surrendered by bondsman, 1; attachment, 1; arrested on capias, 1.

#### Riverside Hospital.

The monthly report of Miss Farley, superintendent of the Riverside hospital, shows that at the beginning of the month, there were five patients in the hospital, that 27 were admitted during the month, and that there are 11 now in the institution.

One death and one birth occurred during the month.

The hospital board is looking for a surgical nurse as the hospital needs one a great deal.

#### Traffic Falls Off Some.

Reports from the passenger traffic department of the I. C. Tennessee and Louisville division, show a falling off in general in this class of traffic.

During the fore part of the month the traffic was increased by reason of the yellow fever scare in the south, most of the travel going north, but during the latter part of August the traffic fell off.

The freight department also reports a slight falling off in traffic, but not so marked as in the passenger department. The fruit trade in the south is the principal item in this matter, the health authorities not permitting much fruit to be shipped out.

#### The I. C. Hospital Report.

The railroad hospital reports a quiet month. At the first of August a total of 32 patients were listed. During the month a total of 98 patients were enrolled and at the close the books showed but 35 listed. There was one death.

#### Good Month For Library.

The Carnegie library reports a very busy month. The patronage has been on the steady increase and the demand for books of every class has become so great that the board is preparing to order another large consignment of books. The directors are greatly encouraged over the condition of the library, its success, etc.

#### Fire Chief Wood's Report.

Fire Chief Jas. J. Wood had a total of 16 runs, one a false alarm, during the month of August. The most disastrous fire was that of the tobacco warehouses on Broadway where a loss of \$52,000 was entailed. The remainder of the fires were small and the total damage will amount to less than \$100 on the latter.

#### September Weather.

The weather bureau at Louisville, has issued a general statement of the character of the month of September, which has been compiled from the records of the office covering a period of thirty-four years. It is not in any sense a forecast, but gives a good idea of what is to be expected in the state this month.

The mean or normal temperature is 70 degrees. The warmest month in that time was in 1881, when 77 degrees was the mean temperature, and the coldest was 1879, with a mean temperature of 65 degrees. The year 1889 has the plum for the hottest day. September 6 of that year having registered a maximum of 102 degrees, while the other extreme of 36 degrees was made on the 30th of the same year. The average date for a killing frost is October 29, but one has occurred as early as September 24.

The average precipitation for the month is 2.66 inches and seven days usually have rainfall. About 5.90 inches fell in 1884, however, and in

1883 the small rainfall of 0.32 inches was recorded. September 2, 1879, had a rainfall of 8.70 inches, which is the greatest known in the thirty-four years. As no snow has ever fallen during September, it is safe to say that Louisville will not record the phenomenon this year.

There are usually thirteen clear days, ten partly cloudy and seven, the same number as that of the rainy days, are cloudy. The prevailing winds are from the north, and have an average velocity of six miles an hour. An unusual velocity of forty-eight miles from the west was noted on September 15, 1898.

Wire Inspector's Work.

Electrical Inspector Gilsdorf reports progress in his work of rewiring the city. He will report 50 per cent of the wiring from the river front out in the business section of the city completed and in the best of condition. He has been working in the mercantile districts principally and finds a general inclination on the part of property owners to rewire and not complain of the orders given.

Burial Permits.

City Clerk Henry Bailey issued during the month of August a total of 19 burial permits for the city cemetery. Ten were for white persons and nine for colored.

Street Signs to Be Ordered.

The order for signs to be put up on street corners in the business section of the city will be sent out today by Auditor Alex Kirkland. The signs will not arrive for some little time, the city requiring quite a num-

Death From Typhoid. Will Jackson, age 23, a colored switchman from Millington, Tenn., who was brought here and placed in the I. C. hospital on the 25th, died last night at 11:30 o'clock of a complication of diseases. He did not improve or get worse until two days ago, when he took a rapid change for the worse and last night died.
